EHR/Meaningful Use
12-1-2011
WORK GROUP DISCUSSIONS

FORMS

Purpose:
Patient Care Improvement
Continuity
Cleanup Process
Standardization
Efficiency of resources
Teamwork

Benefits/Outcomes:
Teamwork
Time Savings
More Extensive testing = Happy providers
User Friendly

Logistics/Membership:
2-3 representatives from each site
Part of Regular QI meetings with providers joining via ITV

_____

CLINICAL

Purpose:
Efficiency through uniformity/network
Robust-ness of clinical forms
Uniformity in data/network aggregation and reporting

Benefits:
Better documentation in less time
Improved decision support = better quality care
Better evidence based practice because faster

Logistics/frequency
In Hawaii?? ☺
Face to face @ NMN 2x a year – calls quarterly as needed
Membership = EHR managers, Medical Director and Oral health providers
Leadership = NMN Support – Leah\

Outcomes:
Order forms/evidence based = easy
Test within Network
Try at each site with key users
Improve internal workflow – scheduling – Front desk – visit – discharge
Patient Portal by end of 2012
     Implementation
     Efficiencies
     Language
     Smart phone adaptations

_____

REPORTING

Purpose: Standard reports
                   Common dashboards

Outcomes: Periodic review and use report: "how to access tools/variety"
                   Best approaches to get data and reports out.
                   Timely
                   ID and create common reports for UDS, MNCM, MU
                   Create NMN "portal" for Team Leads to review ALL member reports
                   Visual "snapshot" of results of report content w/o running entire report
                   NMN sharing of current capabilities
                   "Wiki" user site

Logistics/Frequency/Membership:
                   Clinical, billing, admin – person for each member (3)
                   One person from each department on internal team = overall NMN Work Group
                   Internal 1x month – Quarterly?
                   Develop 2 year calendar of due dates – reports
                   Meet 1-2 times a year

How do we work and communicate across work groups?
                   1. P.M. / Financial work group
                   2. Clinical form & reporting work group
                   3. Security & Privacy risk assessment (MU) work group
